The 1st International Conference on Smart Energy Systems and Artificial Intelligence SESAI 2024 Mauritius, 03-06 June 2024

CALL FOR SPONSORSHIPS

The SESAI 2024 (1st International Conference on Smart Energy Systems and Artificial Intelligence) aims to provide an exploratory and interactive discussion forum for scientists, researchers, and students and strengthening scientific collaborations towards the latest advances and insights in theory, models and applications for interdisciplinary research. This conference will cover disciplines of Smart System, physics, mathematics, energy forecasting, in the field of Smart Energy System and also areas of innovative Renewable Energy Technologies. The conference also aims to promote the development of AI technologies for advancing energy including the innovative applications of AI to address the critical challenges in energy systems, energy materials, energy utilization & conversion, energy & society, as well as other important issues.

Your organisation can be associated with this international event by meeting the expenses of our different events and activities that will span across the 3 days of the conference. The sponsorship options are as follows:

Platinum Sponsor	Gold Sponsor	Silver Sponsor	Bronze Sponsor
